NIKUNJ ARVIND JADHAV

DEVOPS ENGINEER | CLOUD INFRASTRUCTURE | SRE OPERATIONS

Mumbai, India (Open to Relocate) | +91 7977064992 | nikunjjadhav786@gmail.com | LinkedIn Profile

PROFESSIONAL SUMMARY

DevOps and cloud operations professional with 3+ years of experience across AWS and Azure infrastructure, Solace event-messaging platforms, production monitoring, CI/CD workflows, and disaster-recovery operations. Experienced in platform health checks, patching, incident troubleshooting, Bash-based monitoring automation, Datadog dashboards, and supporting high-availability environments. Focused on reliable deployments, root-cause analysis, operational efficiency, and cost-aware cloud operations.

CORE SKILLS

Cloud Platforms	AWS, Microsoft Azure, GCP
AWS Services	EC2, S3, Lambda, IAM, VPC, CloudWatch, Route 53, Auto Scaling, ELB
Azure Services	Azure CLI, Resource Groups, Virtual Machines (VMs), VM sizing/lifecycle, Managed Disks, NSG basics, subscription/resource inspection
Containers & CI/CD	Docker, Kubernetes, Helm, Jenkins, GitHub Actions, GitOps
Monitoring & Messaging	Solace PubSub+, Datadog, Prometheus, Grafana, CloudWatch, ELK Stack
Scripting & Systems	Bash, Python fundamentals, AWS CLI, Azure CLI, Linux, TCP/IP, DNS
Infrastructure as Code	Terraform fundamentals, formatting, validation, planning, state inspection
SRE & Operations	Incident management, high availability (HA), telemetry, observability, RCA, production/DR operations

PROFESSIONAL EXPERIENCE

FDE (Contract) | Holani — **Jun 2026 · Aug 2026 | Mumbai, India**
- Contributed to building a scalable AI ecosystem and supporting cloud infrastructure for AI models and data pipelines.

Solace Consultant | Solace — **Feb 2026 – Apr 2026 | Mumbai, India**
- Supported enterprise platform monitoring and high-availability infrastructure operations.
- Automated recurring operational routines using Bash scripting, Docker, and CI/CD tooling.
- Applied monitoring, telemetry, and observability practices to improve platform reliability; supported incident troubleshooting and RCA.

Solace Consultant / DevOps Engineer | IESoftek — **Apr 2024 – Feb 2026 | Mumbai, India**
- Managed physical Solace appliances, daily monitoring, monthly patching, and Production/Disaster Recovery operations across shifts.
- Maintained 24/7 infrastructure availability; performed appliance health checks and operational troubleshooting.
- Monitored Datadog dashboards and communicated platform status and incidents to clients.
- Built Datadog and shell-script monitoring routines that reduced manual workload by 40%; supported incident management and RCA.

Cloud Associate | SapphireInfoTech Ventures — **Apr 2022 – Sep 2023 | Mumbai, India**
- Managed multi-cloud hosting configurations and infrastructure migrations across AWS and Azure.
- Provisioned AWS serverless environments and designed secure VPCs, subnets, and firewall rules.
- Developed disaster-recovery policies and improved development-to-production turnaround time by 35%.
- Supported Linux operations, server tuning, and system security.

PROJECTS & HACKATHONS

- **Yoga Plus | IIT Bombay EdTech Hackathon, 7th Rank:** Developed AI-powered applications using Flutter, Firebase, and TensorFlow Lite for real-time posture detection.
- **Agrifarm | Apscript Hackathon, 3rd Rank:** Contributed to a digital agriculture marketplace tracking real-world metrics.

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Solace Certified Developer Practitioner
- Event-Driven Architecture (EDA) Practitioner
- AWS Certified: Compute, Storage, and Serverless badges

EDUCATION

- **BSc in Information Technology** | Mumbai University | 2019–2021 | CGPA: 7.83
- **Diploma in Computer Science** | MSBTE | 2016–2019 | Score: 73%

VOLUNTEER & COMMUNITY LEADERSHIP

- **Creative Team Member | Aarey Forest Volunteer:** Designed digital flyers and graphics for environmental campaigns and engaged with student groups on sustainability initiatives.
- **Creative Core Member & Event Host | BAM Book Group (B3C):** Created promotional graphics and coordinated venues, logistics, and hosting for offline literary events.

ACHIEVEMENTS & LANGUAGES

- 7th Rank, IIT Bombay EdTech Hackathon | 3rd Rank, Apscript Hackathon | State-Level CII Debate Representative
- Languages: English, Hindi, Marathi, Gujarati
